

3rd May 2022

Dear Parents/Carers

As part of our PSHE "LIFE" provision to students, we deliver a comprehensive Relationships, Sex and Health Education curriculum. We ensure that all statutory objectives are adequately covered so that all children learn about different relationships, different families, physical/mental health and wellbeing and staying safe. Children will also learn about puberty and their changing bodies. At our school, this learning takes place across all year groups and across multiple subjects, however the majority of the teaching and learning takes place in LIFE lessons.

In line with best practice, we also deliver supplementary Sex Education content. These lessons include learning about human reproduction and sexual relationships. This content is covered in Year 9 in the second half of the Summer Term, the content is delivered by a combination of class teachers and 'Spectrum' who are a specialist team in the fields of relationship and sexual health. Year 9 will cover the following lessons:

- What is meant by relationships and consent?
- What is the law around sex?
- What are STIs and how can you protect against them?
- What is contraception? What different forms of contraception are there?

Due to staff shortages at Spectrum and clashes with other schools we need to deliver the 'safe condom use' lesson as a one off lesson that does not fit in exactly with the learning overview. In these lessons pupils will learn what a condom is, why using a condom is important and how to put a condom on.

Please look at the timetable below for when this lesson will be delivered to your child, they will know what group they are in if they check their timetable.

Outwood Grange Academy		
Tuesday 11-12pm 3 groups – Safe Condom Use		
3 rd May	9c/Lf1	TGR
10 th May	9c/Lf2	MZA
17 th May	9c/Lf3	JHO
